## Fire Area Closures Lifted

**Yreka, CA—For Immediate Release.** Effective October 23, 2015 the closure order for the Bear Fire area of the Gasquet Complex on the Happy Camp/Oak Knoll Ranger District of the Klamath National Forest has been lifted.

Klamath National Forest Supervisor, Patricia Grantham has terminated Forest Order, 15-05-770 associated with the Bear Fire of the Gasquet Complex, which was managed by the Six Rivers National Forest. Forest visitors are cautioned that hazards in any burned areas still exist. These include but are not limited to increased potential for falling or down trees, trail damage and increased potential for mudslides.

Careful trip planning is important to have a safe day in the woods. Please consider weather and road conditions when planning your route. Always let someone know where you are expecting to travel and when you are expected to return. Remember there are areas that do not have cell phone coverage. Visitors are advised to avoid camping near dead or burned trees and use extra caution when traveling in burned areas. Conditions in a burned forest change constantly.
